## Statement of Reasons for Allowance

- 1. Claims 6, and 9-17 are allowed.
- 2. The following is an examiner's statement of reasons for allowance.

The present invention is directed to a method of obtaining information from an Internet terminal, and in particular, to a bookmark frame and a method of launching a plurality of browsers using the bookmark in a terminal.

Independent claim 6 recites, in combination with the remaining elements, the step of selecting one of a plurality of bookmarks from a bookmark list, wherein each bookmark includes a URL (Uniform Resource Locator) field for saving an address of an Internet resource and a browser ID field for saving a browser ID used to select a corresponding browser from the plurality of browsers capable of browsing the Internet resource having a unique protocol;

independent claim 12 recites, in combination with the remaining elements, "the bookmark file includes a first field including the ID corresponding to the selected browser and a second field located after the first field and including the URL", which distinguishes over the art of record; it is noted that while a combination of "URL" and "ID" for a "browser" would in general be in use in the Smethers/Mintz combination, this does not teach or suggest a "bookmark file" format in which the two separate indications appear one after another; and

independent claim 14 recites, in combination with the remaining elements, a memory for storing a bookmark frame including a browser ID (identification) field and a URL (Uniform Resource Locator) field on a bookmark list.

The closest prior art, Smethers (US 6,560,640 B2) and Mintz (US 6,250,930 B1), show a similar method for obtaining information from an Internet terminal using bookmarks to launch

browsers. However, Smethers and Mintz, singularly or in combination, still fail to anticipate or render the above cited limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
